

Akshaya L Dongre

Senior Frontend Developer

As a passionate frontend developer with 4+ years of hands-on experience in crafting SaaS products, I thrive both independently and as part of collaborative teams. I translate user stories into innovative solutions with speed and precision. Currently seeking interesting opportunities that push my skills to newer heights.

WORK EXPERIENCE

UI II

Argoid AI

10/2021 - Present

Achievements/Tasks

- Led and mentored the frontend team while scaling Argoid from \$60k ARR to \$300k ARR.
- Developed end-to-end UI for Argoid - Amagi integration which was showcased at the prestigious NAB show 2024 and opened up multiple business opportunities.
- Played a key role in swift pivoting of Argoid from AI e-commerce product to AI OTT solutions company. Built Argoid Co-planner within a month and positioned Argoid as the pioneer in FAST OTT AI solutions space.
- Innovated no-code AI solutions for e-commerce stores thereby increasing their revenues by 5% - 8% and search conversion by 2500%.

Systems Engineer

Infosys

09/2019 - 10/2021

Achievements/Tasks

- Led the development of Schedulo, a visual training management system. It is used by more than 5.5 million users as part of Infosys Springboard.
- Played a role in developing UI for Infosys Meridian, the flagship product, in the early stages. Immersive experience of Australian Open 2020 was powered by this platform.
- As a part of ETA's youth leader team, brainstormed and came up with ideas for new avenues of business for the education and training department.
